SOLUTION

for eliminating multiple providers and costs.

The Newton system is a multilingual web-based system for parents, teachers, students and administrators to manage, maintain, monitor and provide quality education to each child attending your school.

Orbund's The Newton system connects the four major groups involved with schools - students, teachers, parents, and administrators. With Orbund services in place in your school, everyone can be on the same page, make progress together, and create an on-going atmosphere of learning success.
